PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME CARD OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

Eye or muscle twitching
Involuntary movements

Loss of awareness
Disorientation

- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

The official seal is your assurance that this product is licensed or manufactured by Nintendo. Always look for this seal when buying video game systems, accessories, games and related products.

Nintendo does not license the sale or use of products without the Official Nintendo Seal.

THIS GAME CARD WILL WORK ONLY WITH THE NINTENDO DS™ VIDEO GAME SYSTEM.

BABY LUIGI HAS BEEN KIDNAPPED!

Our adventure begins one sunny day on Yoshi's Island. Yoshi is out enjoying the day with a leisurely stroll when, all of a sudden, two babies drop out of the sky. One of them looks very familiar to Yoshi. With a forlorn look on his face, the baby just gazes longingly at a mysterious castle that has appeared in the sky. Yoshi wonders if the castle holds other babies.

Once again, it's up to the Yoshi clan to save the day. This time, the stork is coming with them too.

A new journey begins. Can the Yoshis and babies triumph over Kamek and save Baby Luigi?

GETTING STARTED

Make sure that your Nintendo DS is off. Insert the Yoshi's Island DS Game Card into the DS Game Card slot until it clicks into place and then turn the power on.

- 1 Read the information on the start-up screen and then tap the Touch Screen to move to the DS Menu Screen.
- 2 On the DS Menu Screen, tap the Yoshi's Island DS panel to start the game.
 - * If you have your Nintendo DS start-up mode set to Auto, you can skip this step. See the Nintendo DS instruction booklet for more information.
- 3 The introductory cinema will start to play. To cancel out of it, press **O** START or **A**, which will bring you to the title screen. Press **O** START or **A** to move to the File Menu.

*Screen shots with orange frames denote the top screen, while screen shots with green frames show the Touch Screen.

Choose a File

To start a new game, use **+** to select a file marked **New** and press **A** to confirm. To continue a previous game, select a file containing saved data. The Main Menu will appear next (see page 8).

* Go back to the previous screen by pressing **B**.

Copy

Select **[Copy]** to copy a saved game to an empty save file.

Select **[Return]** to return to the previous screen.

* You can't copy a file if you have no empty files.

Erase

Select **[Erase]** to erase saved data. Choose the file you want to erase, and then select Yes when the game asks you to confirm.

* Be careful, because once saved data is erased, it's gone forever and can't be restored.

Main Menu

Once the Main Menu appears on the Touch Screen, make your selection with **+** and then confirm it by pressing **A**. You can also make your selection by tapping it.

Adventure (see pages 12 - 23)

Play as Yoshi and save the babies from the mysterious castle in the sky.

Options

Set the game controls and sounds.

Saving

Your game saves automatically after clearing a stage and changing game settings.

You can erase all saved files by holding down **ABXYLR** at the same time when starting the game, but please remember that once saved files are erased, they can't be recovered.

Options

In the Options menu, you can change the controls and sound. Move the cursor over your selection and then press **A** to confirm. Press **B** or **+** to change the game settings and return to the Main Menu.

Controls

Use **+** to choose from the following control schemes: **Patient**,

Hasty, **Patient**, or

Hasty. Press **A** to confirm your selection.

ABXY Use **ABXY** to control.

ABLR Use **ABLR** to control.

Patient Press **A** or **R** to aim an egg, and press it again to throw.

Hasty Press **A** or **R** to aim an egg, and release to throw it.

Sound

Choose from Surround, Stereo, and Headphones.

CONTROLS

You play this game by controlling Yoshi. Various babies ride on Yoshi's back, each giving him a special ability.

In the following section, black text indicates menu controls, while red text indicates Yoshi's controls.

The explanations pertain to the Patient control scheme. Check your control scheme in the Controls tab of the Options menu.

When using the Nintendo DS (NTR-001), please read the Nintendo DS instruction booklet.

Press **L**, **R**, **START**, and **SELECT** at the same time to reset the game and return to the title screen.

Close the Nintendo DS to activate Sleep Mode, which will reduce battery consumption. Sleep Mode turns off when you open the Nintendo DS.

Museum

Select Museum on the map screen to view the enemies that you've hit with eggs. Enemies are separated based on type, and many exhibits are housed behind doors and through pipes. To return to the map screen, press **O** START and select Quit.

PLAYING THE GAME

Swallow, stomp, and throw eggs at enemies to defeat them. You lose a life if you get crushed, if you touch spikes or lava, or if your star power reaches zero.

Action Screen

Use a variety of actions as you make your way through the stages. Press Up or Down on  while holding down  to scroll up and down the screens.

Pause Menu

Press  on the action screen to open the pause menu. From here, you can choose to continue or return to the map screen by pressing  and then pressing  to confirm. The pause menu will also display your remaining lives and the items you've collected.

Star Power

When an enemy hits you and you take damage, the baby falls off of Yoshi's back. When this happens, the power of the stars will protect the baby for a short while. A timer appears to show just how long this protection lasts. Try to get the baby back on Yoshi's back before time runs out! You can do this by making contact with the baby.

Star Power

*Once you retrieve the baby, the star power slowly increases back up to ten. You can get more time by getting more stars (see page 16).

Stork Stop

You can switch the baby Yoshi is carrying by going to a Stork Stop. When the stork comes by, jump up and grab the baby. Each time you grab a baby, a different one will appear overhead.

Middle Ring

Partway through each stage is a ring of light called the Middle Ring. Once you go through a Middle Ring, you can restart the stage from nearby if you fail before completing the stage. What's more, as you pass through it, your star power will increase by ten.

Items

Coins

They are scattered throughout the stages. Collect 100 coins to get a 1-Up.

Red Coins

Each stage has 20 of them. They also get added to your coin count.

Green Eggs

Throw them to defeat enemies, move objects, and grab items.

Yellow Eggs

Throw them at enemies or winged clouds. You receive two coins if you make contact.

Red Eggs

Throw them at enemies or winged clouds. You receive two stars if you make contact. You can also get coins with it.

Flowers

Collect five in each stage to receive a 1-Up. Flowers also affect your score and your chance of unlocking a Bonus Challenge (see page 23).

Stars

Each star increases your star power by one, with a maximum of 30.

Character Coins

You collect these when the baby Yoshi is carrying matches the baby on the coin. A nice surprise awaits you when you collect them all!

Switches and Things

Message Blocks

Hit them from below to get helpful hints.

Switches

Step on these to reveal hidden objects and cause other special things to happen.

Winged Clouds

When you hit these with eggs, stars or coins will pop out. Or something else might happen...

Keys and Doors

You can open locked doors if you have a key.

Minigames

When you find a key and enter a locked door, a minigame will begin. There are several types of minigames. Depending on how well you play, you can win extra lives.

Bonus Challenges

On the goal roulette, there is one flower space for every flower you found in this stage. If the roulette stops on a flower space, you get to play a Bonus Challenge where you could win 1-Ups.

Scratch and Match

Rub off any three spots. You receive 1-Ups based on how many Baby Mario faces you reveal.

Match Cards

Flip over cards one at a time and match them in pairs. Each matching pair wins you a 1-Up. You can play until you miss twice or until all the cards are revealed.

Slot Machine

Press **A** to stop the drum. If the pictures match in the middle row, you receive one or more 1-Ups.

TIPS

To clear the entire game, you'll need to master all of Yoshi's and the babies' skills.

Pick the Right Baby!

Yoshi's abilities change depending on which baby he's carrying. If you're stuck in a stage, look for a Stork Stop to switch the babies, and then give it another try.

Eggs Are Your Friends!

If you drop a baby after bumping into an enemy or taking damage, throw an egg at the baby to move him closer to the ground. Get the baby before he wanders away! You can carry up to six eggs at once.

Look Around!

When you want to know what's in the area above or below you, press Up or Down on  while holding down .
